Nashik, Maharashtra

PROFESSIONAL SUMMARY

Results-driven GIS Specialist with hands-on experience in geospatial data annotation, spatial data analysis, ELU & PLU mapping, and GIS quality assurance for US-based geospatial and municipal planning projects. Demonstrated ability to coordinate teams, maintain data accuracy, and consistently deliver projects on schedule. Experienced in working on urban planning initiatives through digitization, attribution, and land-use mapping.

WORK EXPERIENCE

GIS Specialist | Zuru Services

May 2025 – Present

- Working on a US-based geospatial project using the client's ZeroMatter platform.
- Annotating and classifying geospatial features according to project specifications.
- Interpreting map imagery and geographic information to update spatial datasets.
- Identifying and correcting inconsistencies in annotated data before project delivery.
- Managing assigned tasks within client-defined timelines and productivity targets.
- Contributing to the preparation of high-quality geospatial datasets.

Tools: ZeroMatter, Google Maps

GIS Analyst | Team Coordinator | Tejyog Infratech Consulting Engineers

2024 – 2025

- Worked on Municipal Corporation planning projects for Nashik, Dhule, and Kolhapur using ArcGIS Pro and Google Earth Pro.
- Prepared Existing Land Use (ELU) and Proposed Land Use (PLU) datasets for urban planning projects.
- Digitized planning maps and developed GIS-ready spatial databases from existing records.
- Performed attribute creation and data integration for land-use and planning layers.
- Coordinated GIS team activities, assigned tasks, and monitored project progress.
- Ensured timely completion and submission of project deliverables as per municipal requirements.

Tools: ArcGIS Pro, Google Earth Pro

EDUCATION

P.G. B.Sc. in GIS & Remote Sensing

Savitribai Phule Pune University | 2022 – 2023

Master's in Geography

LVH College, Nashik | 2019 – 2021

TECHNICAL SKILLS

ArcGIS Pro

ArcMap

QGIS

ERDAS Imagine

Google Earth Pro

Google Maps

JOSM (OpenStreetMap)

Spatial Data Digitization

ELU & PLU Mapping

GIS QA/QC
